RE: RPC MPO Approval of FY 2011-2014 STIP Amendment #5

Dear Mr. Cass,

This letter is to inform you that on May 9th, 2012, the Rockingham Planning Commission, meeting as the MPO Policy Committee, approved Amendment #5 to the MPO's 2011-2014 Transportation Improvement Program (TIP). Amendment #5 was approved following appropriate public notice, a 30 day comment period and public hearing as required in our Prospectus. The public notice, project information, and air quality analysis can be found at the RPC website (www.rpc-nh.org), and these documents detail the changes that Amendment #5 has made to the RPC 2012-2014 TIP as does the attached project table.

Based on the information provided regarding the movement of projects in time, changes in project scopes and costs, and taking into account the comments received it has been determined that:

- The fiscal constraint of the TIP/STIP is maintained as indicated in DOT provided fiscal constraint documentation.
- RPC, in consultation with its interagency partners, has confirmed that the changes listed in Amendment 5 do not trigger a new conformity determination of the SE NH 8-hour Ozone Nonattainment Area and the City of Nashua Carbon Monoxide Maintenance Area. Therefore, the Area Air Quality Conformity Analysis (2011 - 2035) for the Rockingham MPO area, adopted January, 2012, continues to be valid.

Based on these points the MPO voted to approve Amendment#5 to the 2011-2014 TIP inclusive of the project changes included in the attached table.

Sincerely,

Cliff Sinnott
Executive Director
