## MPO MINUTES ROCKINGHAM PLANNING COMMISSION Wednesday, December 13, 2023

## Kingston Fire Department, Kingston NH Hybrid Zoom Meeting

**Commissioners/Policy Committee Members Present:** Zoom: A. Carnaby, B. Kravitz (Hampton) *In Person*: A. Davis, Chairman (Hampstead); L. Plummer, G. English (Exeter); G. Coppelman, R. Duguay (Kingston); D. Finan (Brentwood); K. Smith (Raymond); K. Grant (Atkinson); J. Doggett (Newton); J. White (Sandown); G. Davison (NHDOT); B. Moreau, P. Britz (Portsmouth); T. Moore (Plaistow)

**Staff:** T. Roache (Executive Director); D. Walker (Asst Dir/Transp Mgr); S. Bogle (Sr. Transp Plnr); A. Pettengill (Business Mgr)

### 1. Introductions: Chairman Davis convened the meeting at 6 p.m. and introductions were made.

### 2. Minutes of November 8, 2023

Doggett moved to approve the Minutes of November 8, 2023 as presented; Moreau seconded. **SO VOTED.** 

\*\*\*Agenda Items Taken Out of Order\*\*\*

### 5. Legislative Forum Update-T. Roache

Roache stated that the RPC staff has put together another Legislative Forum event scheduled for January 10, 2024 at the Unitil Headquarters in Exeter. in an effort to bring our State Senators and legislators together. The RPC Legislative Committee has chosen Energy at the Municipal Level as this year's topic. Speakers will be Sam Evans Brown, Clean Energy; C. Sinnott, Exeter Energy Committee; and Rober Stevenson, Union of Concerned Scientists.

### 6. Project Updates:

Regional Safety Action Plan: Walker stated this is moving forward with a consultant and expected to be complete by the end of 2024 to allow towns time to apply for grants without having to do their own action plans;

Climate Pollution Reduction Grants: Roache explained this is a project the RPC will be applying for with the Boston MPO which includes southern NH towns west of Hampton Falls; Regional Household Hazardous Waste Feasibility Study: RPC is receiving a grant to study the feasibility of a standing collection facility for HHW somewhere in the region; Regional Master Plan: Roache explained the sub contract with SRPC should be in place in January for an update to the 2015 RMP. This will be an update to that document and will connect to our housing needs and climate change work;

Greenway Project: Bogle stated that this is moving forward and base material for trails has been put down and looking at crossing safety issues and parking facilities in the Spring.

#### 3. Annual Highway Safety Performance Targets (HSIP) (Attachment 2)

Walker explained this document is mandated by the Federal Highway Administration (FHWA) and requires that five safety related performance targets must be set and published annually by State DOT's and MPOs. This is intended to tie together the three State documents: NHDOT State Strategic Highway Safety Plan (SHSP), OHS Highway Safety Plan (HSP), and Highway Safety Improvement program (HSIP) to implement measures that help to assess the safety performance of the transportation system. Walker reviewed the 5 federally required targets assessed: Number of Fatalities; Rate of Fatalities; Number of Serious Injuries; Rate of Serious Injuries; and Number of Non-Motorized Fatalities and Non motorized Serious Injuries. In addition, the MPOs of NH track Motorcycle Fatalities are being met and where Federal funds get directed.

*Plummer moved to adopt the 2024 Transportation Safety (HSIP) Performance Targets as presented; Doggett seconded.* **SO VOTED**.

### 4. Regional Transit Safety Targets (Attachment 3)

Bogle explained that just as MPO's and State DOT's track highway safety performance measures, the Federal Transit Administration (FTA) requires transit agencies that receive federal funding to develop Public Transportation Agency Safety Plans (PTASPs) with safety policies and procedures, tracking and setting targets for seven performance measures which deal with four areas of transit safety: Fatalities, Injuries, Safety Events, and System Reliability. Bogle reviewed the targets as they relate to the two public transportation agencies serving the RPC MPO region: COAST & Manchester Transit Authority (which also operates CART). Discussion followed.

Doggett moved to adopt the FY 24 MPO Public Transit Agency Safety Targets as presented; Plummer seconded. **SO VOTED**.

Meeting adjourned at 7:22 p.m.

Respectfully submitted, Annette Pettengill, Recording Secretary

## MEMORANDUM

| To:   | MPO Policy Committee            |
|-------|---------------------------------|
| From: | Dave Walker, Assistant Director |
|       |                                 |

Date: 4/4/2024

RE: 2023 TIP Amendment #5

Attached is a report that lists the changes that Amendment #5 proposes to make to the 2023 Transportation Improvement Program (TIP) (covering fiscal years 2023-2026) within the Rockingham Planning Commission region. This information is also available on the RPC website (<u>www.therpc.org</u>), along with the full statewide revision report for those interested in the proposed changes to projects from other parts of the state.

Overall, there are three requested changes (1 Statewide and 2 Regional projects) that RPC must address as part of Amendment #5. These are all cost and/or schedule changes to existing projects. The project listings in the Long Range Transportation Plan (LRTP) are being updated at the same time to maintain consistency between the two documents. As part of the public engagement process for Amendment #5, the MPO is conducting a public comment period between March 29, 2024 and April 9, 2024 and a public portal will be made available to collect any comments engagement received (https://publicinput.com/rpc2023tipamendments). A final opportunity for comments will be during a public hearing at the April 10, 2024 MPO Policy Committee Meeting. Action will be taken on the amendment at the conclusion of the public hearing.

### <u>Analysis</u>

This amendment changes results in a net increase in funding during the TIP years (2023-2026) of \$3,073,472 due to the \$8.3 million increase in funding for the BRIDGE-T1/2-M&P program offset by a \$5 million decrease in TIP funding for Portsmouth 20258 and \$300,000 decrease for Exeter 40623. Portsmouth 20258 construction is largely delayed beyond 2026 (last year of current TIP/STIP) while the Bridge program is receiving and influx of resources for additional construction. Additionally, the construction phase of Exeter 40623 is delayed to 2032 and ROW pushed off to 2029

**Table 1** provides a brief overview of the changes to each project, as well as the general reasoning for that change. There are two cost columns included. The first shows the net change in funding during the TIP years (2023-2026) while the second shows the total cost of the project, including years before and after the current TIP. Attached is the full report that provides the year-by-year cost and schedule details of each project within the TIP time frame and compares the existing status with the changes proposed in Amendment #5. The report also includes statewide fiscal constraint documentation for the revision.

## Comments Received

No comments have been received as part of the public comment period. There was discussion at TAC regarding the delays to Exeter 40623 and NHDOT has responded that the change in construction timeframe is due to the low ranking of the bridge on the rehabilitation and replacement List (#191) and that there are higher priority bridges that need to be addressed before the one included in this project.

## **Recommendation**

Based on the information provided regarding the movement of projects in time, and changes in scope and cost, staff concludes that:

- The TAC discussed the changes proposed in Amendment #5 and recommended approval to the MPO Policy Committee.
- The fiscal constraint of the TIP/STIP is maintained per the DOT fiscal constraint documentation (FORTHCOMING – Will Be sent separately) and included in the informational packet on the MPO Website.
- As of July 20, 2013, all of New Hampshire is unclassifiable/attainment for the 2008 8-Hour Ozone National Ambient Air Quality Standards (the 2008 ozone standard) and as of April 6, 2015, the 1997 8-Hour Ozone National Ambient Air Quality Standard (the 1997 ozone standard) is revoked for all purposes, including transportation conformity purposes in the Boston-Manchester-Portsmouth (SE) NH area. For this reason, no air quality conformity analysis is necessary.
- Consistent with the RPC's Public Participation Process, this notice and comment period is also intended to meet FTA requirements for public comment on the programs of transit projects put forward by NHDOT, UNH and the COAST and CART transit systems.

## Proposed Motion:

*MPO Policy Committee approve the changes included in Amendment 5 and submit them to NHDOT for inclusion in the STIP.*

## Table 1: Summary of Amendment #5 Revisions

\* Total Project Cost includes years before, during, and beyond those in the 2023-2026 STIP/TIP

# **Reading the TIP Revision Report**

- 1. Revision Docket A## = Amendment. A##M##Y## = Administrative Adjustment.
- 2. Description of Revision
- 3. Approval Date
- 4. Project Location Will list "Program", "Statewide", or the community name(s)
- 5. State Project Number
- 6. Project Route/Location specific roadway or facility where the project is occurring
- 7. Project Scope Short description of project
- 8. Project phases Can consist of "PE", "ROW", "CON", or "OTHER"
- 9. Total Project Cost. Includes costs for years before and after TIP years.

- 10. Currently approved version of project
- 11. Proposed project as revised. If project is new, "New Project" will be listed directly under "PENDING"
- 12. Cost and phase breakout by TIP year
- 13. Cost and phase breakout by general source of funds
- 14. TIP Total Total funding for project in the TIP by phase
- 15. Funding Programs Specific Federal, state, and other funding programs used
- 16. Regionally Significant Is project considered "Regionally Significant"
- 17. CAA Code Clean Air Act Exemption Code
